Mr Kelvin Kek

Partner
Allen & Gledhill

Kelvin is a Partner in A&G's Construction & Engineering practice group. His work covers construction front end and disputes, as well as complex commercial litigation and arbitration. He frequently advises and defends clients facing prosecutions under the Workplace Safety and Health Act (WSHA) and has advised on several high profile workplace incidents in the recent past.

Kelvin graduated from Law in NUS with a rare First Class Honours and also has a degree in Electrical & Electronic Engineering. He is a recognised specialist in Construction Law, accredited by the Singapore Academy of Law. He is also an adjudicator and accredited mediator under the SMC for SOPA and other types of cases.

Synopsis

Presentation (Mr Kelvin Kek)

“Dealing with Workplace Safety and Health issues – a legal perspective and case studies”

This session sets the stage for the panel discussion by highlight some important consequences faced by companies when unfortunate incidents occur. This presentation will draw on some learning from case studies and recent Court judgments to highlight the scope of the relevant duties and the potential sanctions on companies, directors and individuals.

Panel Discussion (Mr Kelvin Kek, Mr Roy Khoo, Mr Lim Weng Kien)

“Practical discussion on safety best practices, design safety and other matters”

The panelists on this esteemed panel will share their experiences with safety best practices both in the worksite and in the boardroom. The practical discussions will span multiple perspectives, from that of the consultant, the project manager, the management and the employees. This session is intended to increase awareness of the potential pitfalls surrounding workplace safety issues and drive discussion towards a better and more secure built environment.

Mr Roy Khoo

Director

Kimly Construction

Roy is a director of Kimly Construction Pte Ltd, a Singapore general contractor company with a 60-year history.

He oversees the management of projects from planning to delivery, and is often actively engaged in issues on the ground. Safety, quality and sustainability are the cornerstones of the company and great emphasis is placed on achieving excellence in these areas.

Roy is currently the Treasurer of the Singapore Contractors Associate Limited (SCAL) and the Chair of its Contracts and Practices Committee. He is also a board member of the Singapore Green Building Council (SGBC).

“Practical discussion on safety best practices, design safety and other matters”

The panelists on this esteemed panel will share their experiences with safety best practices both in the worksite and in the boardroom. The practical discussions will span multiple perspectives, from that of the consultant, the project manager, the management and the employees. This session is intended to increase awareness of the potential pitfalls surrounding workplace safety issues and drive discussion towards a better and more secure built environment.

Lim Weng Kien is a highly accomplished architect, project manager, and design safety professional with over 37 years of experience in design development, contract administration, and project management across a broad spectrum of building typologies.

As a Qualified Person, Registered Architect, Professional Project Director, Design for Safety (DfS) Professional, and Green Mark Manager, Weng Kien has been instrumental in shaping Singapore’s built environment. His expertise in Design for Safety is widely recognized, having conducted over 40 DfS Review Workshops for major infrastructure and building projects, including Changi Terminal 5, upgrades to Terminals 1, 2 & 3, SP Labrador, HDB BTO developments, MOE school projects, private residential buildings, Data Centres, Bus Interchange, warehouses and the Civil Defence Academy.

Beyond safety, his project portfolio spans a diverse range of sectors, including specialized schools, universities, places of worship, sports complexes, shopping malls, fire stations, nursing homes, and large-scale mixed-use developments, such as Plot H9A for Singapore General Hospital. His ability to seamlessly integrate design excellence, safety, and sustainability has established him as a trusted leader in the industry.
