#### **Synopsis**

In the fast-evolving landscape of construction dispute resolution, statutory adjudication under the Building and Construction Industry Security of Payment Act 2004 (SOP Act) continues to play a pivotal role in ensuring cash flow down the contractual chain. The 2018 amendments and recent decisions have significantly shaped the interpretation and application of key provisions in the SOP Act.

This webinar will provide practical and tactical insights into how these developments impact contractors, subcontractors, consultants, and legal counsel, and how parties can sharpen their adjudication strategies moving forward.

Recent Court decisions:

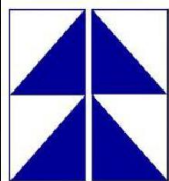

- ☐ What has changed in the interpretation of payment claims, jurisdictional objections, and procedural compliance?

Strategic considerations when filing or defending an adjudication:

- ☐ Drafting payment claims and payment responses to survive scrutiny
- ☐ Managing timing and evidence: avoiding procedural pitfalls

Practical tips for in-house counsel and contractors:

- ☐ Implementing SOP compliance checklists
- ☐ Coordinating adjudication proceedings
